

ARJUN SHARMA

Bengaluru, Karnataka | arjun.sharma@email.com | +91 98765 43210 | github.com/arjunsharma

PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in Python, data analysis, and machine learning. Interested in building practical AI and data-driven applications and solving real-world problems using NLP and predictive models.

EDUCATION

B.Sc. Computer Science — Bengaluru University | 2023–2026

Relevant coursework: Data Structures, Python Programming, Statistics, Machine Learning, Database Management Systems.

TECHNICAL SKILLS

Programming: Python, SQL, Java

Data Science: Pandas, NumPy, Matplotlib, Seaborn

Machine Learning: Scikit-learn, Regression, Classification, Model Evaluation

NLP: Text Preprocessing, Tokenization, TF-IDF, Cosine Similarity

Tools: Git, GitHub, Jupyter Notebook, VS Code, Streamlit

PROJECTS

Customer Churn Prediction

Built a machine learning model to predict customer churn using Python and Scikit-learn. Performed data cleaning, exploratory analysis, feature preprocessing, model training, and evaluation.

Sales Forecasting Dashboard

Developed a data analysis dashboard using Pandas and Streamlit to visualize sales trends and generate forecasts.

EXPERIENCE

Data Science Intern — TechNova Solutions | Bengaluru | Jan 2026–Mar 2026

Prepared datasets, performed exploratory data analysis, created visualizations, and supported development of machine learning experiments.

CERTIFICATIONS

Python for Data Science | Machine Learning Fundamentals | SQL for Data Analysis

ACHIEVEMENTS

Built multiple Python and machine learning projects and participated in college-level technical workshops and hackathons.
