PROFESSIONAL SUMMARY

Frontend Specialist and Design Systems Engineer with 5+ years specializing in UI performance, component-driven design systems, and frontend architectural consistency across enterprise web apps.

PROFESSIONAL EXPERIENCE

Lead Frontend Specialist — CreativeUX Labs (2022 – Present)

- Authored and maintained enterprise-wide React component library used by 12 cross-functional product teams.
- Engineered accessible, WCAG 2.1 AA compliant design systems using React, Storybook, and Tailwind CSS.
- Implemented micro-frontend architecture using Webpack Module Federation to decouple legacy monolith frontend.

UI Engineer — PixelCraft Studios (2019 – 2022)

- Developed interactive web dashboards using Vue.js, React, and D3.js for complex data visualization.
- Optimized Web Vitals score across web properties, achieving a 98+ Lighthouse performance score.

TECHNICAL SKILLS & CORE COMPETENCIES

UI & Design Systems: Component Architecture, Design Tokens, Storybook, Figma-to-Code

Core Frontend: JavaScript (ES6+), TypeScript, React, Next.js, Vue.js, HTML5/CSS3
